

Javier Reneses

Founder and Chief Executive at Simulyde – [REDACTED]

Visiting Researcher and former Senior Research Associate Professor at the Institute for Research in Technology, Comillas University – <https://www.iit.comillas.edu/people/javierr>

December 4, 2023

To Whom It May Concern,

I am writing this letter to recommend Guillermo Filgueira, who has been a very valuable member of our team as an intern at Simulyde. I have had the pleasure of working closely with Guillermo for 4 months, during which he has consistently demonstrated very good skills and dedication.

Guillermo is currently studying a Bachelor's degree in Mathematics and Computer Science at UPM, and during his time at Simulyde, Guillermo has shown a keen intellect, strong analytical abilities, and a passion for solving complex problems. He has really good aptitudes for mathematics and has applied these skills effectively to various real-world problems within our organization. One of Guillermo's notable strengths is his proficiency in computer science. He possesses a solid understanding of programming languages and environments such as Python, Javascript, MySQL or R, and his ability to translate theoretical concepts into practical solutions is truly impressive. Guillermo has actively contributed to develop our own intern management system, consisting of a database and a web cloud deployment, where his innovative approach and attention to detail enhanced the overall success of the project.

In addition to Guillermo's academic achievements in Mathematics and Computer Science, I am delighted to emphasize his exceptional manners and professionalism. Throughout his internship at Simulyde, Guillermo has consistently exhibited a high level of professionalism, impeccable manners, and genuine respect for others. He has a culture of respect and cooperation, and he actively collaborates with colleagues, demonstrating effective interpersonal skills and contributing positively to the group dynamics.

I am confident that Guillermo will adapt very well to your Master's program, where he will have the opportunity to further develop his skills and contribute to your academic community. I wholeheartedly recommend Guillermo for admission to your prestigious institution. If you have any further questions or require additional information, please feel free to contact me at [REDACTED]

Thank you for considering my recommendation. I am confident that Guillermo will be a valuable asset to your Master's Degree.

Sincerely,

[REDACTED]
